### Ana's Story

I was born in New York, but I have lived in Madrid **since** I was 5 years old. I am now 15, which means I have been living here **for** ten years! I moved here with my family because my parents started an English academy. My mother has been an English teacher **for** twenty years, **since** she was 22. Last year we went on holiday to the USA to visit my grandparents, who live in New York. **During** the holiday, we also visited Las Vegas and Los Angeles. In Los Angeles I met Zac Efron, who I have loved ever **since** I saw High School Musical! We spoke **for** 5 minutes and then he went to meet his girlfriend. I had a lot of fun in the USA and I didn't want to go home, especially because I don't like planes. On the way home I felt sick **during** the entire flight.

Dear Sir/Madam,

This letter is in reference to the advertisement published in ABC news for the post of a teacher for intermediate level. I would like to work as a teacher for the intermediate level with your organization.

Although I do not have any previous experience of professional teaching yet, I do have prior experience of interacting with the students and understanding their basic problems and finding solution of the same. During my professional courses, I was taught to interact with the students in the way which makes it interesting to learn and I follow the same procedure while teaching. With a degree in education and the proper ways of teaching, I aim towards understanding the needs of the student and their fears and problems so that I can help them overcome them. Also, my teaching process is lucid enough enabling the students to thoroughly understand the concepts.

Thus, it is my earnest request to you to please consider my candidature for the post of teacher in the intermediate level. Please find my **resume** attached with my cover letter for your kind perusal. Please let me know when I can expect a call to discuss the issue.

Thanking you,

With regards
